# VOLEZ, VOGUEZ, VOYAGEZ – LOUIS VUITTON

Louis Vuitton presents “Volez, Voguez, Voyagez – Louis Vuitton” at the American Stock Exchange Building in New York City from October 27, 2017 through January 7, 2018. Curated by Olivier Saillard, the exhibition retraces the adventure of the House of Louis Vuitton from 1854 to the present. A story told through the portraits of its founders, as well as those who today are inventing the Louis Vuitton of tomorrow.

This historic journey, designed by Robert Carsen, is divided into ten chapters, one of which is entirely devoted to the United States of America and New York City. The tour opens with the most symbolic object of the House: the trunk, a model fashioned with contemporary flair, embodying the iconic hallmarks and bold spirit of Louis Vuitton. The exhibition features objects and documents from the Louis Vuitton heritage archives, as well as select articles on loan from the Palais Galliera and the Musée de la Mode de la Ville de Paris. The exhibition concludes with a display devoted to the savoir-faire of the artisans in the Louis Vuitton workshops.
